Project Viewer 365

Housatonic was the first to offer a comprehensive, cost effective viewer solution for Microsoft Project files. Today, Project Viewer 365 is used by thousands of project teams around the globe, with millions of individual users. PV365 offers a simple user interface that is touch, mouse and keyboard ready. With intuitive navigation that follows MS Office standards, users will find all familiar MS Project options. PV365 is compatible with all MS Project MPP file formats including 2016, 2013, 2010 and earlier versions. PV365 offers cloud-based integration with Google Drive, OneDrive, Box, Dropbox, and SharePoint. Find out more about Project Viewer 365 at ProjectViewerCentral.com.

Project Plan 365

Project Plan 365 is a full featured alternative to MS Project. With PP365 users can create new project plan or modify existing project plans and save in Microsoft's MPP file format. Plans can be opened from or saved to virtually any storage option - including a local desktop, network, company intranet or website, or any cloud location. PP365 works with or as a fully functional alternative to Microsoft Project. Find out more about Project Plan 365 at ProjectPlan365.com.

Both Project Viewer 365 and Project Plan 365 are available for PC and Mac. Project Viewer 365 is also available for browser, web, Android tablets and phones and for iOs (iPads and iPhones).

Housatonic

Housatonic has been offering solutions for viewing and sharing Microsoft Project files since the year 2000. With millions of users world-wide, Housatonic Project Viewers are employed by companies and enterprises in virtually every industry including government, defense, manufacturing, technology, pharmaceutical, health, electronics and transportation, including Fortune 500 companies.
